To whom it concerns

Cavan County Council are proposing to apply to the Department of Rural and Community Development for funding from the Outdoor Recreation Infrastructure Scheme 2020 Measure II to set up a 6km public walkway in the vicinity of Ballyhaise Village. Circa 1.4km of this proposal will follow the River Annalee on lands owned by Teagasc.

It is of the strong opinion of the management of the college that this proposal will enhance the recreational amenity of the area. Teagasc will facilitate this proposal by way of whatever legal agreement is required by Cavan County Council to successfully complete this project should funding be approved.

Signed on behalf of Teagasc

John Kelly
College Principal
