

TP12 - Climbing Forest - Plan 01
@1:150

TP12 - Climbing Forest - Image 01
NTS

TP12 - Climbing Forest - Iso 01
NTS

Notes:

Surfacing requirements corresponding to a fall height of ≤ 3.00 m
(please refer to price list for more detailed information)

Installation needs to be carried out by an installation company authorised by Timber Play Ireland. These structures are not-preassembled in the factory like most of the other equipment and the style and organic nature of the timbers means that one is slightly different; therefore expert installation is crucial to ensure compliance of each installation with EN1176, primarily checking entrapment gaps

Rope colour: Natural

Foundations:
Ø 150 - 200 cm,
Excavation depth 50 - 75 cm
